Duration	Two years part-time
Where	City Campus, Hamilton
Applications Close	Ongoing
Starts	Various
Fee Guideline	\$4809

Are you working in the education environment and want to use information technology to enrich the classroom experience? The Graduate Diploma of Information Technology in Education (Level 7) (GDITE) will provide you with the skills and knowledge to integrate information communication technology into the classroom to enhance the teaching and learning process.

You will learn these skills and knowledge through a variety of practical courses that include a theoretical base and are delivered face-to-face and online.

The Graduate Diploma of Information Technology in Education (Applied eLearning) (Level 7) is an online learning and teaching endorsement of the GDITE (Level 7) programme. This applied e-learning endorsement provides specialist study in online learning.

The Diploma programme is a two year part-time programme designed for practicing teachers, but full-time enrolment is also available. There is also an exit award at Graduate Certificate level.

PROGRAMME CONTENT

These qualifications are taught using a combination of:

- Block course
- Weekend courses
- One evening a week
- Online
- Distance education
- According to demand
- Summer school / holiday courses (held during teaching breaks)

You will learn:

ICT Applications for Teaching and Learning

- ICT Tools for Teachers
- Using Multimedia in the Classroom
- Publishing and Presentation for Students and Teachers
- Creating Images for Students and Teachers
- Using Digital Storytelling in the classroom
- Interactive Whiteboards in the classroom

Theoretical Foundations

- ICT and the Learning Process
- The Impact of ICT on Society

The Internet and Applied eLearning

- The Internet as an Educational Resource
- Developing Online Courses
- Facilitation of Online Learning
- Evaluation of Online Learning
- Teleconferencing in Teaching and Learning

There is also the opportunity to study a special topic of your choice.

Successful completion of GDITE (Level 7) / GDITE (Applied eLearning) (Level 7) depends on students meeting the assessment requirements of eight modules, three of which are compulsory. In order to complete the Graduate Certificate of Information Technology in Education (Exit Award) students must pass a total of four modules.

GRADUATE OPPORTUNITIES

The Graduate Diploma of Information Technology in Education (Level 7) may lead to employment as an Information Communications Technology Facilitator or specialist teaching positions in educational institutions.

Clear pathways to Masters level qualifications have been negotiated with the University of Waikato and credit towards a Masters qualification has been negotiated with Curtin University, Perth, Australia.

ENTRY CRITERIA

A professional teaching qualification suitable for registration as a teacher or for teaching in a tertiary institution.

Candidates are required to be working as educators in some capacity or have access to an environment in which they can practise their skills as educators.

Consideration will also be given to candidates who have no professional teaching qualification but who have evidence of satisfactory achievement of tertiary studies and experience of teaching Information and Communication Technology in an educational setting.

Candidates are required to indicate whether they have been convicted of a criminal offence as some types of criminal conviction may limit the ability to secure practicum placements and therefore complete the requirements of the programme and gain employment in the education field.

ENQUIRIES

To enrol contact our Student Enrolment and Information Centre on 0800 2 wintec (0800 2 946832) or online at www.wintec.ac.nz/contact.
